

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

Claim 1 (previously presented): Structure-reversible milk product which consists essentially of cream, skimmed milk or water, and also a gelling agent, wherein the gelling agent contains exclusively vegetable raw materials.

Claim 2 (previously presented): Milk product according to claim 1, wherein the milk product remains structure-reversible, even upon setting of a pH value below 5 ($\text{pH} < 5$), for example by the addition of acid components.

Claim 3 (previously presented): Milk product according to claim 1, wherein the milk product is or remains temperature-stable.

Claim 4 (previously presented): Milk product according to claim 1, wherein the gelling agent is a mixture of carrageen, cellulose, and also pectin or konjac flour.

Claim 5 (previously presented): Milk product according to claim 4, wherein the gelling agent also contains alginate.

Claim 6 (previously presented): Milk product according to claim 5, wherein the gelling agent is produced exclusively from carrageen, cellulose, konjac flour and alginate.

Claim 7 (previously presented): Milk product according to claim 4, wherein the carrageen is a mixture of iota-carrageenan and kappa-carrageenan.

Claim 8 (previously presented): Milk product according to claim 1, wherein the carrageen content of the gelling agent is between 19% and 25%, the cellulose content between 21% and 31%, the konjac flour content between 21% and 31%, and the alginate content between 21% and 31%.

Claim 9 (previously presented): Milk product according to claim 1, wherein the gelling agent also contains sodium caseinate, the sodium caseinate content of the gelling agent being between 8% and 12%.

Claim 10 (previously presented): Milk product according to claim 1, wherein the milk product contains at least 70% cream.

Claim 11 (previously presented): Milk product according to claim 1, wherein the gelling agent content is between 0.9% and 3%.

Claim 12 (previously presented): Milk product according to claim 1, wherein the fat content is between 5% and 15%.

Claims 13-28 (canceled)

Claim 29 (previously presented): Milk product according to claim 1, wherein the gelling agent contains exclusively vegetable hydrocolloids.

Claim 30 (previously presented): Milk product according to claim 8, wherein the carrageen content of the gelling agent is about 22%.

Claim 31 (previously presented): Milk product according to claim 8, wherein the cellulose content is about 26%.

Claim 32 (previously presented): Milk product according to claim 8, wherein the konjac flour content is about 26%.

Claim 33 (previously presented): Milk product according to claim 8, wherein the alginate content is about 26%.

Claim 34 (previously presented): Milk product according to claim 9, wherein the sodium caseinate content is about 10%.

Claim 35 (previously presented): Milk product according to claim 10, wherein the milk product contains at least 90% cream.

Claim 36 (previously presented): Milk product according to claim 11, wherein the gelling agent content is approximately 1.1%.

Claim 37-47 (canceled)
